
SBR in Sweden - update

Björn Rydberg, XBRL Sweden
2020-02-05

SBR = collaboration and co-creation

To better and more safe enable for the exchange of information, and to ease reporting from private companies, collaboration and co-creation is in place between Swedish authorities to achieve SBR.

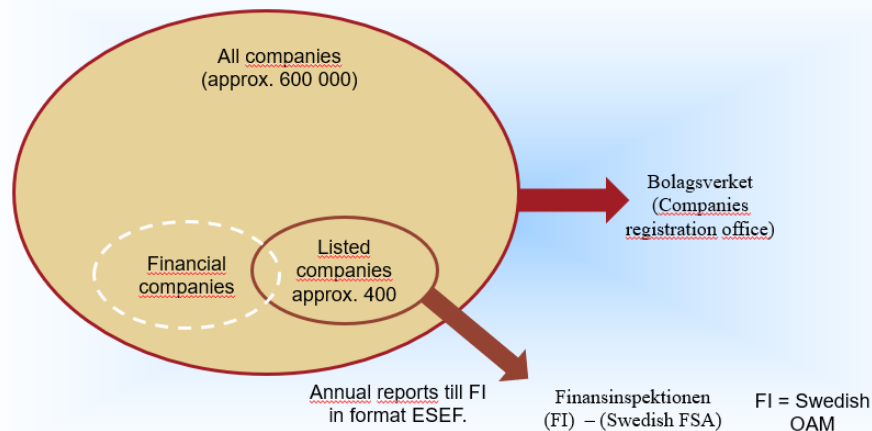

- Bolagsverket (Business registrar)
- Skatteverket (Tax)
- Statistikmyndigheten SCB (Statistics Sweden)
- Finansinspektionen (FSA)
- Bokföringsnämnden (Swedish accounting standards board)
- The Director-generals of BR, Tax, Statistics office, FSA, The Swedish Agency for Economic and Regional Growth and the Swedish Accounting Standards Board has formed a steering group for the Swedish SBR initiative.

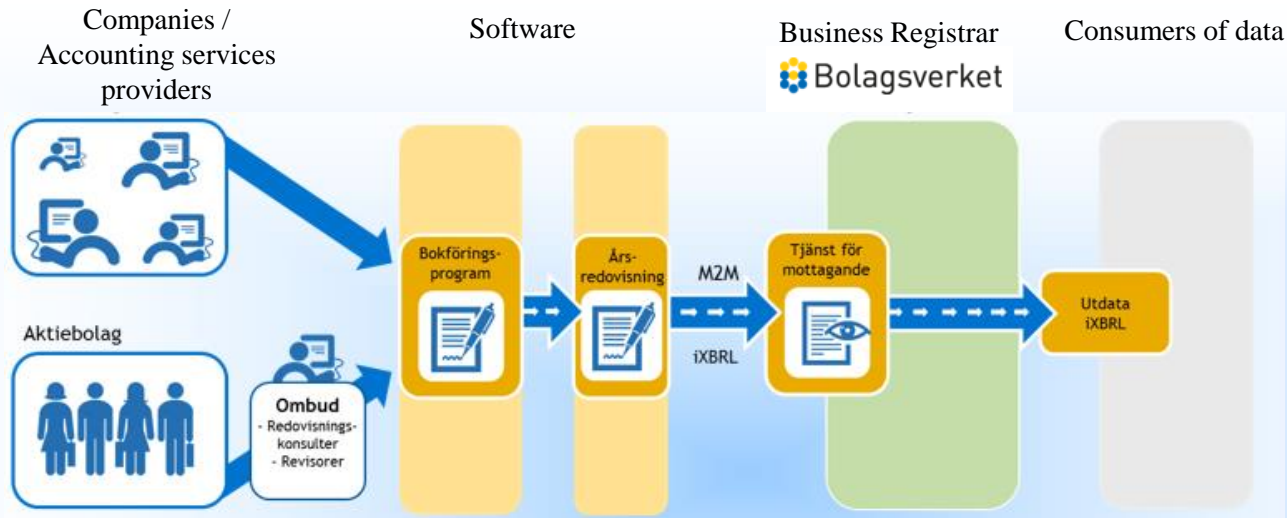

The Swedish taxonomies are anchored between these parties!

The Annual report – our first step (Voluntary filing)

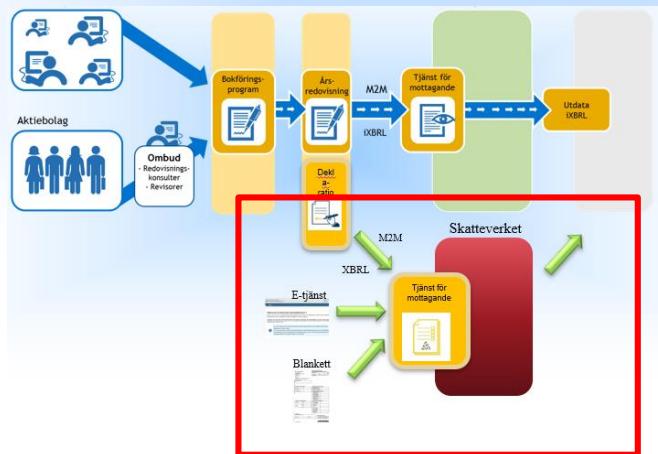

- Digitalization of annual reports is a first step towards SBR.
- Work has been ongoing between authorities since 5-6 years.
- The smallest companies (reporting in the local GAAP "K2") started reporting in March 2018.
- Larger companies (reporting in the local GAAP "K3") are able to report from March 2019.
- Auditors report taxonomy available.
- Groups will be able to report consolidated accounts from 2020.
- Listed companies will be able to report in ESEF from 2020.

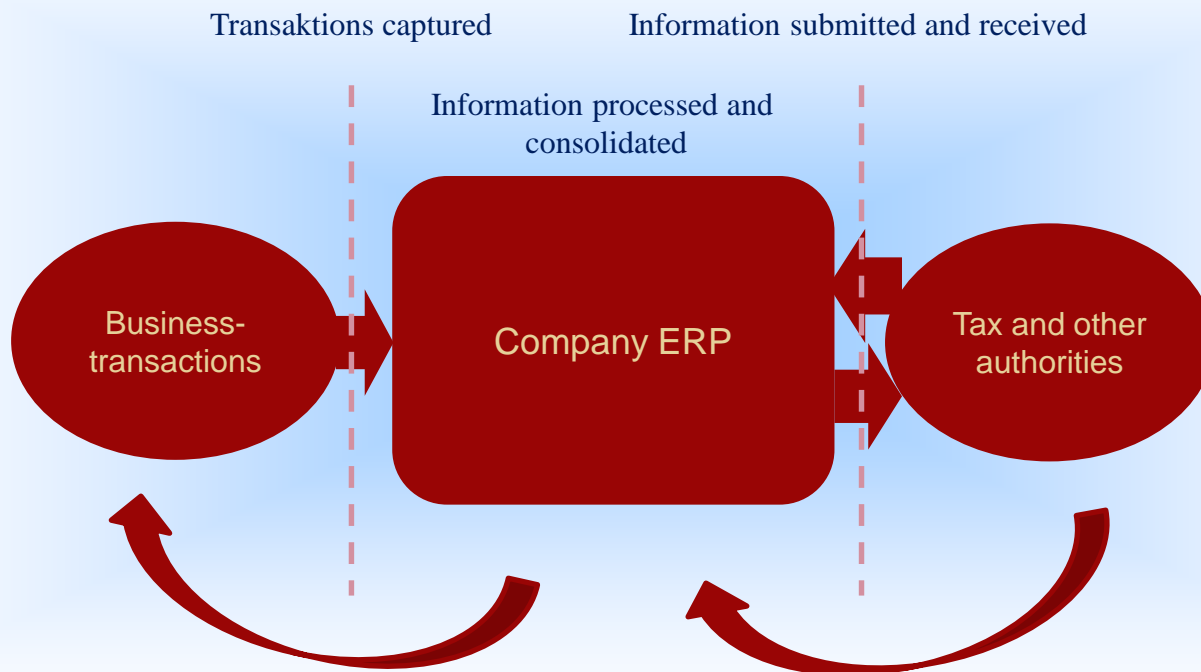

Digital annual reports in iXBRL, the process

..... and, planning ongoing for companies tax reporting process based on XBRL

Direction towards open API's

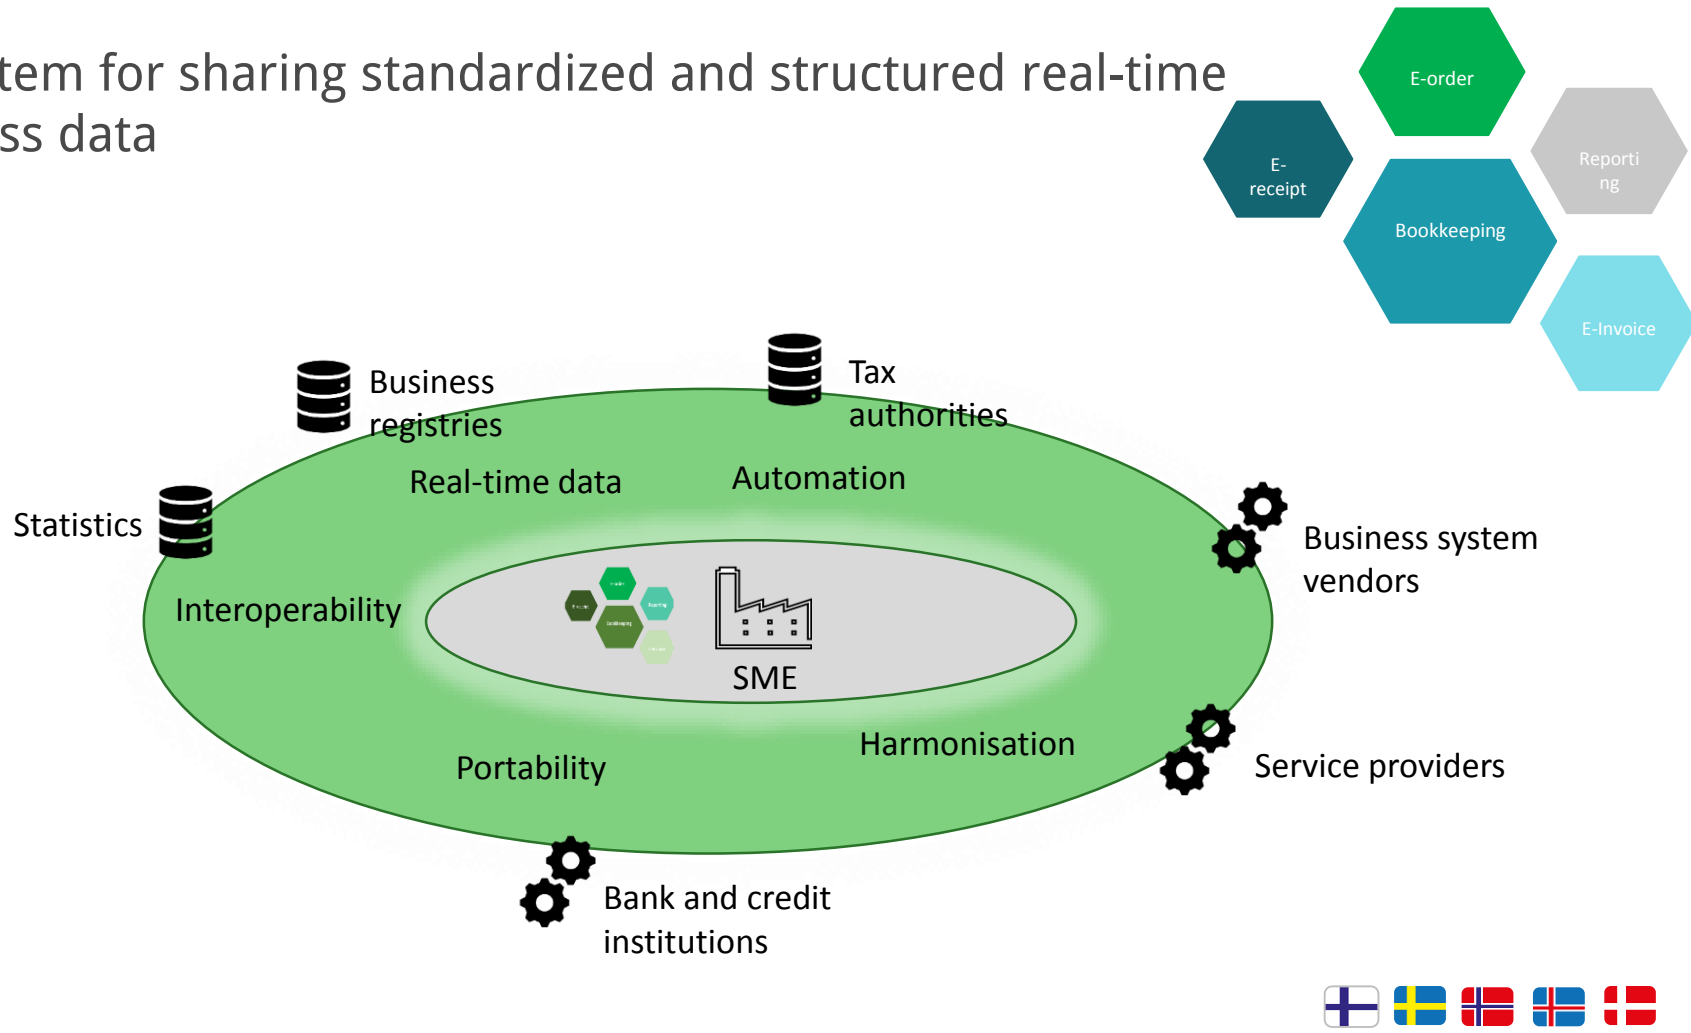

- Parallel project to the local Nordic country SBR initiatives
- This programme is one of a kind in the Nordic Region and will create value for businesses, public authorities and society by sharing data across the region in an automatic, intelligent and secure manner.
- Nordic Smart Government is a driver of an integrated Nordic region, which is the ambition of the Nordic Prime Ministers.
- The programme was launched by the [Nordic Ministers of Business](#) in May 2018, and is supported financially by [Nordic Innovation](#).

Ecosystem for sharing standardized and structured real-time business data

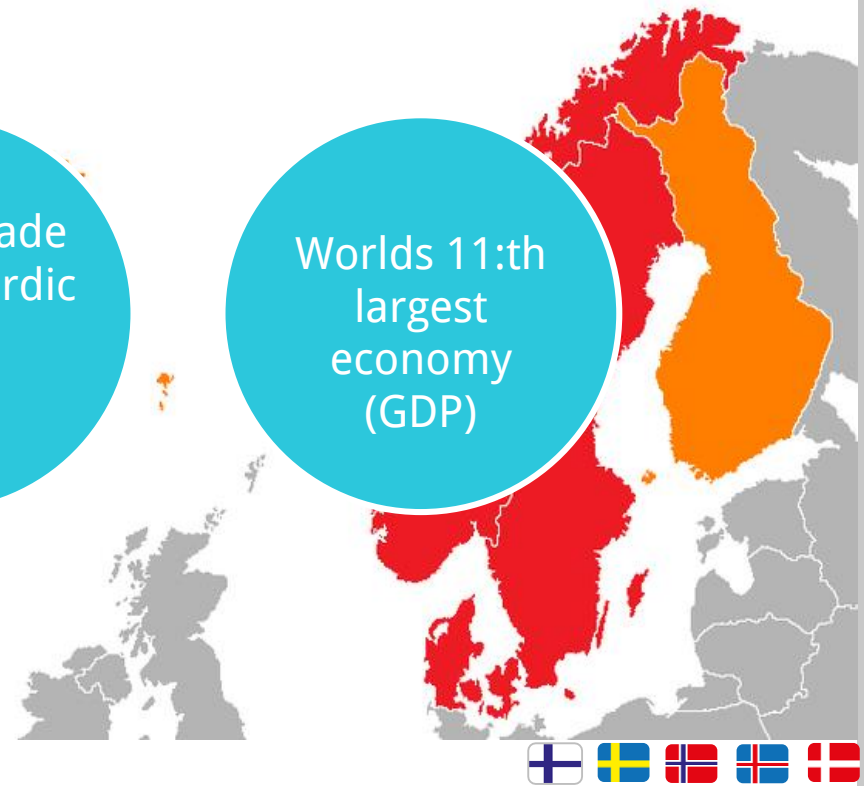

Why the Nordic perspective?

2 million small
and midsize
corporations

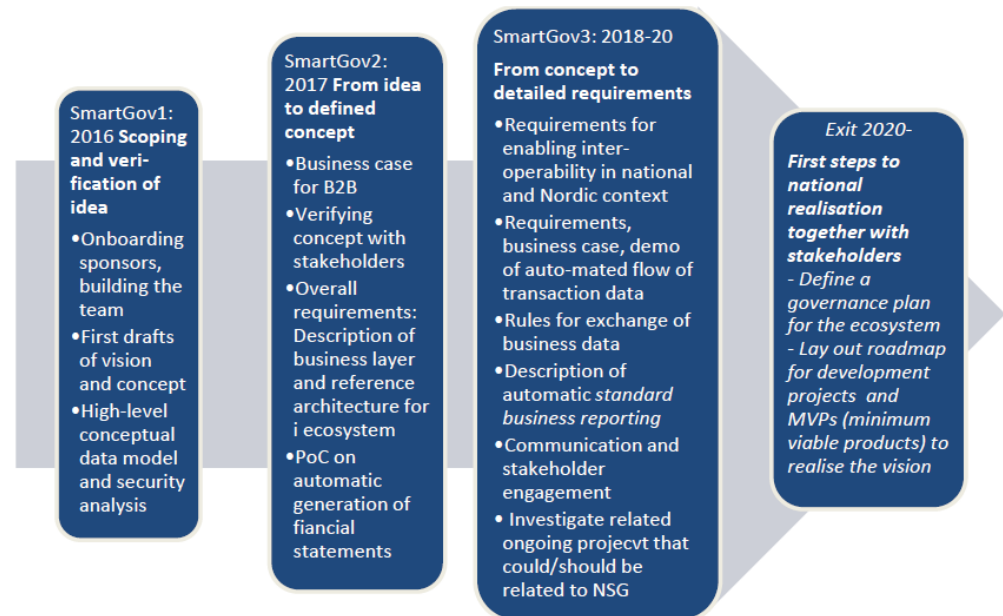

19 % of trade
is intra-Nordic

Worlds 11:th
largest
economy
(GDP)

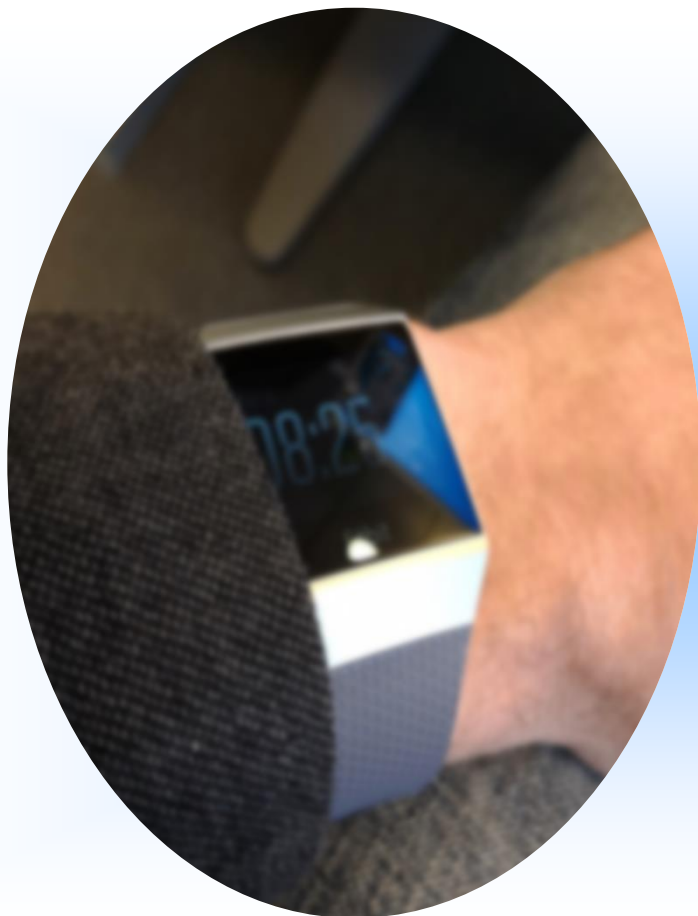

What is NSG 3.0?

- Cross Nordic cooperation
- Nordic Innovation - Financing
 - Nordisk ministerrådet
- Authorities from all Nordic Countries
 - Business Registrar
 - Tax and Statistics
- National teams focusing on national circumstances
 - In Sweden - Bolagsverket, Skatteverket och SCB

APPENDIX

Some history, statistics and background information

Du får tillgång till denna standard till ett reducerat pris genom att den är förbetald av SIS/TK 594.

Standarden specificerar XBRL som datautbytesformat för elektronisk rapportering och utbyte av finansiell information mellan organisationer.

Denna standard specificerar grundläggande krav för att möjliggöra begreppsharmonisering, transparens, tillgänglighet och kvalitetssäkring av taxonomier för finansiell information.

Denna standard specificerar inte vilken information eller vilka rapporter som XBRL ska användas för. Dessa detaljer specificeras i taxonomier.

ANM. I denna standard avses med XBRL version 2.1, där det är tillämpligt.
