[AGENDA]

The meeting was a follow up to the call for presentation to the next XBRL Europe Conference.

It was done by phone/gotomeeting (1 hour):

[CALL MEMBERS' PRESENTATIONS]

As discussed during our meeting of the 15th and 29th April, XBRL Europe is planning to include member's presentation in the Bank & Insurance program of the event (16th and 17th June), which will be done online as travelling options will be reduced or even inexistent.

Presentation will be open to members and guests as they will be included in the event program.

All presentations will be done online on a 20 min slot + 10 min for Q&A. Other formats can be discussed.

XBRL Europe will register people interested in the Bank & Insurance track and promote presentations in a joint program. However, each presenter will have an independent presentation, using its own system (XBRL Europe can provide gotomeeting accounts) and guest list.

We propose to take this as an opportunity for developing ideas and presentations around the POC scenario developed by the WG.

Therefore, the objective of those presentations is to show that XBRL may be used by banking & insurance regulators

- In a more efficient way if the concept use a common dictionary such as BIRD
- Also for high volume of granular data

This could be based on the POC scenario developed by the WG

see within <https://www.xbrleurope.org/wp-content/uploads/2020/02/XEU-BIWG-20200205-v00.pdf>

Proposals are welcome and must be sent before 6th May COB.
