# Why DPM Studio

## EUCLID integrated ecosystem

# DPM Studio

- A web-based tool to support the development of reporting frameworks (based on DPM 2.0)
- It helps reporting experts managing DPM releases, business validation rules, and taxonomy generation
- Main functionalities already developed and delivered (allowed to produce EBA framework releases 3.5, 4.0 and 4.1)
- Functionalities being developed and being tested: Parallel releases
- Functionalities to be developed: Ownership, calculation rules etc.
- DPM studio could be packaged as a product to be installed and used by NCAs
